

The background of the entire page is a close-up photograph of a network switch. It shows several rows of RJ45 ports, each labeled with a number (13, 14, 15, 16, 17, 19). Many of these ports are occupied by Ethernet cables. Some cables are black, while others are bright yellow. The 'excel' logo is visible on the plastic covers of the ports. The overall lighting is somewhat dim, with a focus on the texture and colors of the cables and ports.

Specialist Support Services

Pre-Terminated Copper Assemblies

Excel is a world-class premium performing end-to-end infrastructure solution - designed, manufactured, supported and delivered - without compromise.
