

Excel Change Notification No. 12 - Category 5e & Category 6 Unscreened Toolless Jacks

ECN No: 12
Date: 10 December 2012
Affected Product: Excel Category 5e & 6 Unscreened Keystone Toolless Jacks
Effective Date: From January 2013 onwards depending on existing stock levels

Following the success of the Excel Category 6A Low Profile Keystone Jacks we are introducing two new Category 5e and Category 6 versions. These are both unscreened keystone low profile toolless jacks. The new jacks have been designed to reduce the depth of back box required if used in the outlet. These high performance new jacks are available in White and Black front RJ-45 fronts.

The Excel Low Profile Toolless Keystone Jacks are compatible with all Excel Keystone Faceplates, Shutters and Patch Panel Frames including the 24 Way 0.5U Patch Panel frame.

These new jacks will supersede the existing style and hence will become available upon depletion of the stock of existing product.
